* Height of castor(74mm) is included into outside dimensions.

Design Revolution That Empowers Safe Users

EG-070(WB)

EG-070(BW)

Modern & Stylish design

Trendy design of the safe fits very well in a variety of home or office interior environments.

Fire resistant function

This safe has passed KSG4500, keeping the inside temperature below 177°C when the outside temperature goes up to 927°C for 1 hour.

Enhanced security

With a stronger structure, the safe has better burglar-resistant functions than any other regular fire resistant safe.

Convenient and secure soft-touch button

Offers easier and better convenience with voice instruction in coordination with touch button - electronic lock mechanisms.

Options

- Mechanical dial lock or certified electronic lock are available as options.
- The customer can choose either a fixing anchor or wheels in the bottom of the safe.
- Fingerprint lock : A convenient and secure fingerprint lock is available as an option.
